

Pensum list for course Chemical Oceanography GEOF236, autumn 2018:

Text book:

Sarmiento, J.L. and N. Gruber, Ocean Biogeochemical Dynamics, Princeton University Press, 2006 (ISBN-13: 978-0-691-01707-5 Or ISBN-10: 0-691-01707-7), **chapters 1-9**.

The calculus exercises will be specified at the beginning of the course.

Students will have to

- participate in the lectures,
- solve the calculus exercises and share them during the exercise lessons,
- participate in a 1-day laboratory course and prepare a brief report about this,
- participate in a 1-day modelling course and prepare a brief report about this.

We welcome all students to an inspiring and interesting course!
