# Non-Linear Optimization
# INF 272

Recommended Literature

- We will mainly use some of the following lecture slides:

  **http://web.mit.edu/dimitrib/www/publ.html**

  which are based on **the book**

  DP Bertsekas: Nonlinear Programming. Athena Scientific, 2004.

  Furthermore:

- J Nocedal, SJ Wright: Numerical Optimization. Springer, New York, 1999.

- A Beck: Introduction to Nonlinear Optimization. Theory, Algorithms, and Applications with MATLAB. SIAM, Philadelphia, 2014.
